

WISH

A WHOLE SCHOLAR APPROACH TO EDUCATION

Dear WISH Middle Families and Staff,

Thank you for all of your participation in our first (almost) full week of virtual learning! Thank you for sending positive praise and feedback to uplift our staff as they transitioned into a virtual classroom experience. We are grateful for the constructive feedback as well because it helps us to understand what you are experiencing at home so we can make adjustments to ensure this experience is positive and successful for everyone!

Please review our [You Said, We Did Document](#) to read all of the successes parents and staff have shared with us, along with any challenges that have occurred. Given the information Governor Newsom put out earlier this week about remote learning extending past the original two weeks we anticipated, it is pertinent we make these adjustments for the well being of our students, staff, and families.

Important Announcement:

Based on all of the feedback we have received from students, staff, families, and community stakeholders, there will be a **SCHEDULE CHANGE** for virtual learning starting on Monday, March 23rd, 2020. [The new schedule can be downloaded HERE](#) and is also posted at the bottom of this message. It is important to note that this does not impact our commitment to meaningful and engaging instruction and your child's academic learning. The teachers will cover all of the standards expected for their grade levels and your child will be ready for promotion to the next grade at the end of the year. Adjusting our schedule will not impact our spring break or our last day of the school year. Our school year will continue with the usual breaks and holidays on our original calendar, including No School on Tuesday, March 31st in observance of Cesar Chavez Day and Spring Break from April 6th- April 17th.

What you will see:

- Adjusted online class periods to support strong learning environments to ensure the meeting of expectations and content standards in all lessons.
- Optional office hour support extended to a two hour period after classes end to support students with accurate information, guidance, feedback, and grading. Look at each teacher's "Announcements" section in their course tile for details on how to sign up to participate in "office hours" for each subject Monday-Wednesday and Friday's.
- An instructional Day ending at 1:00 pm to allow students to have work completion based on their needs, their schedules, and their daily home lives

Please remember to submit all tech requests and feedback through this website: planetbravo.com/assist.

We also want to support you in additional ways to ensure excellent learning takes place during this time. Given the new "Safer at Home" ordinance, none of our staff will be on campus next week and possibly beyond. We will be taking the responses from a google form and working with each family to deliver materials and supplies to an agreed-upon place beginning next week. If you need something to assist in the continuity of learning for your child, please complete the [Student Supplies and Materials Request Form- Virtual Learning](#) so that we can support your family. Please only make requests for items that you absolutely need so we can make sure that folks who need tools and support can receive it quickly!

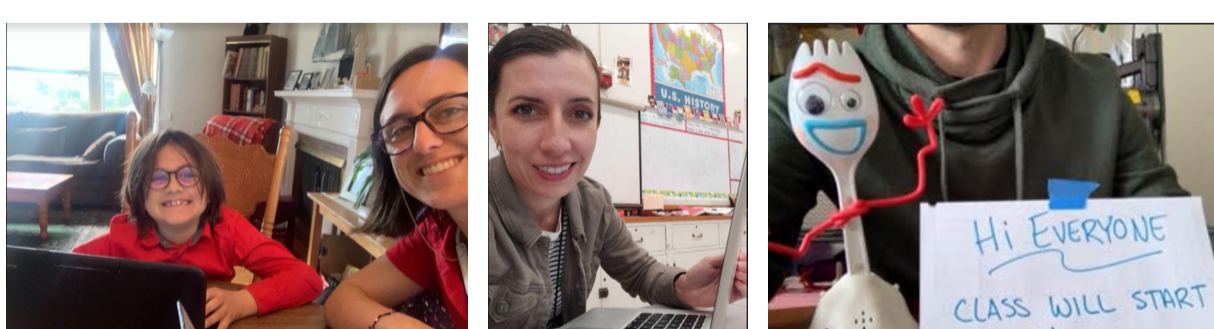

Please let me know if you have any questions. Thank you again for your patience and collaboration this week! Here's to a fantastic week 2!

Best,

Principal Murphy
