School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

The total revenue projected for WISH Community is $8,999,932.81, of which $6,392,708.25 is Local Control Funding Formula (LCFF) funds, $216,888.31 is other state funds, $1,770,420.18 is local funds, and $619,916.07 is federal funds. Of the $619,916.07 in federal funds, $387,830.00 are federal CARES Act funds. Of the $6,392,708.25 in LCFF Funds, $263,906.22 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).
For the 2020-21 school year school districts must work with parents, educators, students, and the community to develop a Learning Continuity and Attendance Plan (Learning Continuity Plan). The Learning Continuity Plan replaces the Local Control and Accountability Plan (LCAP) for the 2020–21 school year and provides school districts with the opportunity to describe how they are planning to provide a high-quality education, social-emotional supports, and nutrition to their students during the COVID-19 pandemic.

WISH Community plans to spend $8,686,901.32 for the 2020-2021 school year. Of that amount, $582,072.00 is tied to actions/services in the Learning Continuity Plan and $8,104,829.32 is not included in the Learning Continuity Plan. The budgeted expenditures that are not included in the Learning Continuity Plan will be used for the following:

The Learning Continuity Plan does not include salaries for instructional or administrative staff not specifically focused on plan objectives. It also excludes facilities costs, insurance and other admin costs.
