Report on the Financial Statements

We have audited the accompanying financial statements of Westside Innovative School House (the Organization) (a California Nonprofit Public Benefit Corporation), which are comprised of the statement of financial position as of June 30, 2020, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Organization, as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information as listed on the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management, and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2021 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

The image shows a handwritten signature in cursive script that reads "Eide Bailly LLP". The signature is written in black ink and is positioned above the printed name of the firm.

Note 1 - Principal Activity and Significant Accounting Policies

Organization

Westside Innovative School House (the Organization) was incorporated in the State of California in 2008 as a nonprofit public benefit corporation that is organized under the Nonprofit Public Benefit Corporation Law exclusively for charitable and educational purposes within the meaning of 501(c)(3) of the Internal Revenue Code of 1954. The Charter School was approved by the State of California Department of Education on January 16, 2014. The Organization operates the following authorized charters:

WISH Community School

Charter School number authorized by the State: 1627

WISH Community currently serves 781 students in grades kindergarten through eighth

WISH Academy High School

Charter school number authorized by the State: 1863

WISH Academy High currently serves 195 students in grades nine through eleventh

The Organization provides services such as education, encompassing instruction, student and staff support activities, facilities maintenance and operations, and food services. Supporting services include management and general services which are the Organization's overall related administrative activities.

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to nonprofit organizations. Revenues are recognized as discussed below, and expenditures are recognized in the accounting period in which the liability is incurred.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets with Donor Restrictions – Net assets subject to donor (or certain grantor) restrictions. Some donor imposed (or grantor) restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization reports contributions restricted by donors as increases in net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Receivables and Credit Policies

Accounts receivable consist primarily of noninterest-bearing amounts due for educational programs. Management determines the allowance for uncollectable accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. No allowance for doubtful accounts has been established, as the Organization deems all amounts to be fully collectible. Substantially all outstanding accounts receivable as of June 30, 2020 are due from state and/or federal sources related to grant contributions and are expected to be collected within a period of less than one year.

Property and Equipment

Property and equipment additions over \$1,000 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statement of activities. Cost of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Organization reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2020.

Revenue and Revenue Recognition

Revenue is recognized when earned. Operating funds for the Organization are derived principally from state and federal sources. The Organization receives state funding based on each of the enrolled student's average daily attendance (ADA) in its school. Contributions are recognized when cash or notification of an entitlement is received. Conditional contributions, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The majority of the Organization's federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses.

Contributions of goods are recorded at fair value. Contributions of services are recorded at fair value as revenue at the time the service is rendered when specialized skills are required and when the Organization would otherwise purchase the services. No amounts have been reflected in the accompanying financial statements for contributed goods or services during the year being reported because items did not meet the definition above. Contributions with donor restrictions received are recorded as increases in net assets with donor restrictions. Net assets with donor restrictions received are recognized as revenue without donor restrictions when the terms of the restrictions are met, which may be in the same period if the revenue is received and the restriction satisfied during the same period. All contributions are considered to be available for use without donor restrictions unless specifically restricted by the donor.

The Organization was granted a \$1,420,400 loan under the Paycheck Protection Program (PPP) administered by a Small Business Administration (SBA) approved partner. The loan is uncollateralized and is fully guaranteed by the Federal government. The Organization is eligible for loan forgiveness of up to 100% of the loan, upon meeting certain requirements. The Organization has recorded the loan and any accrued interest as a refundable advance and will record the forgiveness in accordance with guidance for conditional contributions when there is no longer a measurable performance or other barrier and a right to return of the PPP loan. Proceeds from the loan are eligible for forgiveness. No contribution revenue has been recorded for the year ended June 30, 2020. The Organization will be required to repay any remaining balance, plus interest accrued at 1 percent, in monthly payments commencing upon notification of forgiveness or partial forgiveness. At June 30, 2020, the refundable advance related to PPP was of \$1,420,400 in loan and \$2,063 in accrued interest.

Functional Allocation of Expenses

The financial statements report categories of expenses that are attributed to program service activities or supporting services activities. The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimates. The expenses that are allocated include occupancy, which are allocated on a square footage basis, as well as salaries and wages, benefits, payroll taxes, professional services, and other, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Organization is organized as a California nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), and qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi). It is also exempt from State franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code. The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purposes. The Organization determined that it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, no losses have been experienced in any of these accounts. Credit risk associated with accounts receivable and promises to give is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies and supportive of the Organization's mission.

Recent Accounting Pronouncements

In February 2016, FASB issued Accounting Standards Update (ASU) 2016-02, *Leases*. ASU 2016-02 requires a lessee to recognize a lease asset representing its right to use the underlying asset for the lease term, and a lease liability for the payments to be made to lessor, on its statement of financial position for all operating leases greater than 12 months. Although the full impact of this update on the Organization's financial statements has not yet been determined, the future adoption of this guidance will require the Organization to record assets and liabilities on its statement of financial position relating to facility and other leases currently being accounted for as operating leases.

The ASU is effective for the Organization for the year ended June 30, 2022. Management is evaluating the impact of the adoption of this standard.

FASB Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers*, as amended, supersedes or replaces nearly all GAAP revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or at a point in time, and expand disclosures about revenue.

Topic 606 is effective for the Organization for the year ended June 30, 2021. Management is evaluating the impact of the adoption of this standard.

Change in Accounting Principle

The Organization has adopted the provisions of ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* (ASU 2018-08) applicable to contributions received and has early adopted the provisions of contributions made. ASU 2018-08 clarifies and improves the scope and the accounting guidance for contributions received and contributions made. Management has adopted this standard because it assists the Organization in evaluating whether transactions should be accounted for as contributions or exchange transactions and in determining whether a contribution is conditional. As of July 1, 2019, the Organization has implemented the provisions of ASU 2018-08 on a modified prospective basis to agreements that were not completed as of the date of adoption or were entered after the date of adoption. Management has determined that the adoption of this standard did not have a significant impact on the Organization's financial statements.

On June 3, 2020, the FASB issued Accounting Standards Update (ASU) 2020-05, *Revenue from Contracts with Customers* (Topic 606) and *Leases* (Topic 842) Effective Dates for Certain Entities, as part of its efforts to support and assist stakeholders as they cope with the many challenges and hardships related to the COVID-19 pandemic.

ASU 2020-05 defers the effective date of FASB ASC 606, *Revenue from Contract with Customers*, for certain entities that have not yet issued their financial statements (or made financial statements available for issuance) reflecting the adoption of FASB ASC 606. Those entities may elect to adopt FASB ASC 606 for annual reporting periods beginning after December 15, 2019, and for interim reporting periods within annual reporting periods beginning after December 15, 2020. Those entities may elect to follow the original effective date of annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019.

The effective date for a public business entity, a nonprofit entity that has issued, or is a conduit bond obligor for, securities that are traded, listed, or quoted on an exchange or an over-the-counter market, and an employee benefit plan that files or furnishes financial statements with or to the Securities and Exchange Commission (SEC) is not affected by the amendments in this ASU.

The effective date of FASB ASC 842, *Leases*, is deferred by one year, as follows:

For private companies and private nonprofits, to fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022.

For public nonprofits that have not yet issued their financial statements (or made financial statements available for issuance) reflecting the adoption of FASB ASC 842, to fiscal years beginning after December 15, 2019, including interim periods within those fiscal years.

The Organization has adopted this standard as management believes the standard improves the usefulness and understandability of the Organization's financial reporting. Accordingly, there is no effect on net assets in connection with the implementation of ASU 2020-05.

Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash		\$	2,028,485
Accounts receivable			<u>865,376</u>
 Total			 <u><u>\$ 2,893,861</u></u>

As part of the Organization’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due.

Note 3 - Property and Equipment

Property and equipment consist of the following at June 30, 2020:

Improvement of sites		\$	12,900
Computer and equipment			<u>324,389</u>
			337,289
 Less accumulated depreciation			 <u>(265,947)</u>
 Total			 <u><u>\$ 71,342</u></u>

Note 4 - Revolving Loan

The Organization applied for, and was accepted, into the California School Finance Authority Revolving Loan Fund Program in 2017. The Organization received an uncollateralized loan in the amount of \$250,000. The loan bears an interest rate of 1.05 percent with a maturity date in 2023. The repayment will be withheld from the Organization’s future apportionment payments.

Year Ending June 30,			Principal
2021		\$	46,872
2022			46,872
2023			<u>46,885</u>
 Total			 <u><u>\$ 140,629</u></u>

Note 5 - Facility Use Agreements

WISH Community

The Organization has entered into a Facilities Use Agreement with Los Angeles Unified School District (LAUSD) for the sole purpose of operating WISH Community Elementary School (located at 6550 W. 80th Street, Los Angeles, California) education programs and related charter school activities. The terms of this agreement are renewed annually and includes rental fees that shall be paid on the first of every month. The Pro-Rata Share of Facilities Cost for the year ended June 30, 2020 was \$279,456.

The Organization has entered into a Facilities Use Agreement with LAUSD for the sole purpose of operating WISH Community Middle School (located at 7400 W. Manchester Avenue, Los Angeles, California) education programs and related charter school activities. The terms of this agreement are renewed annually and includes rental fees that shall be paid on the first of every month. The Pro-Rata Share of Facilities Cost for the year ended June 30, 2020 was \$144,905.

WISH Academy

The Organization has entered into a Facilities Use Agreement with LAUSD for the sole purpose of operating WISH Academy High School (located at 7400 W. Manchester Avenue, Los Angeles, California) education programs and related charter school activities. The terms of this agreement are renewed annually and includes rental fees that shall be paid on the first of every month. The Pro-Rata Share of Facilities Cost for the year ended June 30, 2020 was \$133,536.

Note 6 - Employee Retirement Systems

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of the California State Teachers' Retirement System (CalSTRS).

The risks of participating in these multi-employer defined benefit pension plans are different from single-employer plans because: (a) assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers, (b) the required member, employer, and State contribution rates are set by the California Legislature, and (c) if the Organization chooses to stop participating in the multi-employer plan, it may be required to pay a withdrawal liability to the plan. The Organization has no plans to withdraw from this multi-employer plan.

The details of the plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The Organization contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2018, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The Organization contributes exclusively to the STRP Defined Benefit Program; thus, disclosures are not included for the other plans.

The STRP provisions and benefits in effect at June 30, 2020, are summarized as follows:

	STRP Defined Benefit Program	
	On or before December 31, 2012	On or after January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	10.205%
Required employer contribution rate	17.10%	17.10%
Required state contribution rate	10.328%	10.328%

Contributions

Required member, Organization, and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the Organization's total contributions were \$858,403.

On Behalf Payments

The State of California makes contributions to CalSTRS on behalf of the Organization. These payments consist of State General Fund contributions to CalSTRS in the amount of \$412,925 (10.328 percent of annual payroll). Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. Accordingly, these amounts have been recorded in these financial statements.

Senate Bill 90 (Chapter 33, Statutes of 2019), which was signed by the Governor on June 27, 2019, appropriated for an additional 2019–2020 contribution on-behalf of school employers of \$1.1 billion for CalSTRS. A proportionate share of this contribution has been recorded in the amount of 138,509 in these financial statements.

403(b) Tax Deferred Annuity Plan

The Organization sponsors a tax-deferred annuity plan (the Plan) qualified under IRC Section 403(b) covering substantially all employees. The plan provides that employees may voluntarily contribute their earnings to the Plan, up to the maximum contribution allowed by the IRS. The Organization matches the contributions of classified employees up to 2 percent. During the year ended June 30, 2020, the Organization made matching contributions to the plan of \$11,309.

Note 7 - Contingencies

The Organization has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any reimbursement, if required, would not be material.

Note 8 - Subsequent Events

The Organization's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements through March 15, 2021, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

Subsequent to year-end, the Organization has been negatively impacted by the effects of the world-wide coronavirus pandemic. The Organization is closely monitoring its operations, liquidity, and capital resources and is actively working to minimize the current and future impact of this unprecedented situation. As of the issuance date of these financial statements, the full impact to the Organization's financial position is not known beyond increased cash flow monitoring due to state apportionment deferrals.

Supplementary Information
June 30, 2020

Westside Innovative School House

ORGANIZATION

Westside Innovative School House (the Organization) operates two school charter schools. WISH Community School (Charter Number 1627), and WISH Academy High School (Charter Number 1863). Both schools were granted by the Los Angeles Unified School District and chartered through 2024.

GOVERNING BOARD

Note 1 - Purpose of Supplementary Schedules

Local Education Agency Organization Structure

This schedule provides information about the Organization's operations, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the Organization. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to local education agencies. This schedule provides information regarding the attendance of students at the Organization.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Organization and whether the Organization complied with the provisions of *Education Code* Sections 47612 and 47612.5, if applicable.

The Organization must maintain their instructional minutes at the 1986-87 requirements, as required by *Education Code* Section 47612.5.

Due to school closures caused by COVID-19, the Organization filed the COVID-19 School Closure Certification certifying that schools were closed for 54 days due to the pandemic. As a result, the Organization received credit for these 54 days in meeting the annual instructional days requirement. In addition, planned minutes covered by the COVID-19 School Certification were included in the Actual Minutes column but were not actually offered due to the COVID-19 school closure.

Combining Statement of Financial Position and Combining Statement of Activities

The Combining Statement of Financial Position and Combining Statement of Activities are included to provide information regarding the individual programs of the Charter Schools within the Organization and are presented on the accrual basis of accounting.

Reconciliation of Annual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the net assets reported on the unaudited actual financial report to the audited financial statements.

Independent Auditor's Reports
June 30, 2020

Westside Innovative School House

Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Governing Board
Westside Innovative School House
Los Angeles, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Westside Innovative School House (the Organization) which comprise the statement of financial position as of June 30, 2020, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 15, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on State Compliance

Governing Board
Westside Innovative School House
Los Angeles, California

Report on State Compliance

We have audited Westside Innovative School House's (the Organization) compliance with the types of compliance requirements described in the *2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* applicable to the state laws and regulations listed in the table below for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for compliance with the state laws and regulations as identified in the table below.

Auditor's Responsibility

Our responsibility is to express an opinion on the Organization's compliance with state laws and regulations based on our audit of the types of compliance requirements referred to below. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the *2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements listed below has occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on state compliance. However, our audit does not provide a legal determination of the Organization's compliance.

Compliance Requirements Tested

In connection with the audit referred to above, we selected and tested transactions and records to determine the Organization's compliance with the State laws and regulations applicable to the following items:

	<u>Procedures Performed</u>
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS	
Attendance	No, see below
Teacher Certification and Misassignments	No, see below
Kindergarten Continuance	No, see below
Independent Study	No, see below
Continuation Education	No, see below
Instructional Time	No, see below
Instructional Materials	No, see below
Ratio of Administrative Employees to Teachers	No, see below
Classroom Teacher Salaries	No, see below
Early Retirement Incentive	No, see below
Gann Limit Calculation	No, see below
School Accountability Report Card	No, see below
Juvenile Court Schools	No, see below
Middle or Early College High Schools	No, see below
K-3 Grade Span Adjustment	No, see below
Transportation Maintenance of Effort	No, see below
Apprenticeship: Related and Supplemental Instruction	No, see below
Comprehensive School Safety Plan	No, see below
District of Choice	No, see below
SCHOOL DISTRICTS, COUNTY OFFICES OF EDUCATION, AND CHARTER SCHOOLS	
California Clean Energy Jobs Act	No, see below
After/Before School Education and Safety Program:	
General Requirements	No, see below
After School	No, see below
Before School	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control Accountability Plan	Yes
Independent Study - Course Based	No, see below
CHARTER SCHOOLS	
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-Based Instruction/Independent Study	No, see below
Determination of Funding for Nonclassroom-Based Instruction	No, see below
Annual Instructional Minutes – Classroom Based	Yes
Charter School Facility Grant Program	No, see below

Programs listed above for local education agencies are not applicable to charter schools; therefore, we did not perform any related procedures.

We did not perform California Clean Energy Jobs Act procedures because the Organization did not receive funding for this program.

We did not perform procedures for the After/Before School Education and Safety Program because the Organization does not offer the program.

The Organization does not offer an Independent Study - Course Based program; therefore, we did not perform any procedures related to the Independent Study - Course Based Program.

We did not perform procedures for the Nonclassroom-Based Instruction/Independent Study nor for Determination of Funding for Nonclassroom-Based Instruction because the ADA was under the level that requires testing

We did not perform procedures for the Charter School Facility Grant Program because the Organization did not receive funding for this program.

Unmodified Opinion

In our opinion, Westside Innovative School House complied with the laws and regulations of the state programs referred to above for the year ended June 30, 2020.

The purpose of this report on state compliance is solely to describe the results of our testing based on the requirements of the *2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.
