About Our School

Thank you so much for your interest in our school! My name is Dr. Kimberly Johnson and I'm proud to have joined WISH Academy High School this year as Principal.
I've worked in many different learning environments and can honestly say that WISH Academy High School is truly unique, thanks to an engaging, project-based

 ahead. Our numbers speak for themselves, with a $100 \%$ graduation rate and a $100 \%$ college acceptance rate as of school year $2021-2022$.

Our community is dedicated to providing our WAHS scholars with a rich, well-rounded educational experience, with the opportunity to engage in pathway courses
 However, they are not limited to their pathway and are encouraged to explore any classes that pique their interest. Last December, STEM and history students alike participated in our Back to the 70's music showcase, proving our teens are not simply outstanding scholars, but talented musicians as well.

As a school, we are committed to inclusiveness, the development of social and ethical skills, and a belief that positive attitudes are created when scholars of various
 but promoting it.

We invite you to visit WISH to learn more about our unique and enriching programs.
Sincerely,
Dr. Kimberly Johnson

## School Description and Mission Statement (School Year 2022-23)

?WISH Charter is a free public, Independent, non-profit, charter school authorized by the Los Angeles United School District. ?

## Mission and Philosophy:

The WISH mission is to maximize every scholar's learning potential within an atmosphere of caring and belonging. The WISH instructional philosophy rests upon the concepts of hands-on learning, meaningful instructional activities, systematic instruction, and a collaborative group of professionals working together to make the learning environment exciting for students. Evidence-based teaching strategies will be tailored to meet individual development.

WISH is modeled after the award-winning CHIME Charter Elementary School in Woodland Hills, which received the distinction of "Charter School of the Year" by the US Department of Education In 2005. WISH was named a SWIFT Knowledge Development Site by the University of Kansas due to exemplary work implementing our core tenets - one of only 6 schools in the US selected for this auspicious designation.

WISH has also been asked to host "Promising Practices" seminars for district schools by the LAUSD.
Core tenets of the WISH model:
Optimal Class Size: All Kindergarten through 3rd-grade classrooms have approximately 24 students. Grades 4 through 8 have approximately 26 students.

Collaboration and Co-teaching: Highly qualified, credentialed educators are partners in planning, teaching, and assessing each child. In addition to classroom teachers, teaching specialists support each grade level and move between classrooms to enrich learning opportunities. Music, Art, PE, technology, and specialty teachers utilize a co-teaching model to increase adult-to-student ratios, provide tailored instruction, and demonstrate best practices for all scholars. Each staff member participates in weekly 30-minute debriefing sessions. At this time, staff members reflect on the day and share a success, challenge, and action plan for serving children better.

Differentiated Instruction: WISH empowers and inspires learners to reach their highest potential. With an emphasis on social-emotional learning, academic achievement, and a commitment to a whole scholar approach to learning using a variety of modalities, developing character, building technology skills, and a deep understanding of the world, WISH prepares students to be leaders.

Parent Partnerships: The WISH Community Association (WCA) is comprised of parents, students, teachers, sta? members, and community members. Working together, we have built an incredible public school that is responsive to each student we serve. Volunteers are central to the success of WISH. The partnerships built with families have led to a thriving and nurturing environment for children.
All Students Growing and Thriving: Each class builds a strong, inclusive community together! Each summer teachers attend professional development institutes on gifted and talented education, technology, and differentiated instruction. Important academic, social, and ethical skills and attitudes are developed when students with various strengths, needs, and backgrounds learn together.
Affiliation with Loyola Marymount University's School of Education: WISH has an affiliation with the LMU School of Education that provides the ability to collaborate, continually study, and improve the instructional model at WISH while maintaining "best practices." LMU's nationally recognized School of Education is located in close proximity to the WISH campus. As part of our commitment to a whole-person approach to education, the WISH faculty and parent association work together to raise additional funds to ensure that all students receive high-quality art, music instruction in voice and theory, physical education, and technology instruction.
"Tell me, I forget, Show me, I remember. Involve me, I understand." Chinese proverb WISH adheres to the idea that people learn best by utilizing the principles of the constructivist theory. Constructivism emphasizes an internal-oriented approach in which by asserting one's knowledge, as well as participating in the learning process itself, learning is constructed by learners' Interpretation of their own experiences. Learners benefit from working collaboratively in groups so that they can hear different perspectives and accomplish the learning tasks with the help of their peers and experts. Learning is an active process that is facilitated when learners are given chances to express and evaluate their own thinking.

## School Facility Good Repair Status

?WISH Academy High School secures classroom space each year through Proposition 39. We currently co-locate on the Westchester Learning Complex which is an LAUSD site. WISH facilities are maintained and cleaned through maintenance and janitorial contracts with LAUSD staff. WISH staff regularly conduct site Inspections and spot-checks to identify safety hazards and ensure the facility remains in good repair. WISH reports all repair needs and service calls to LAUSD and the LAUSD onsite Plant Manager. WISH facilities staff diligently review classrooms and other public areas to maintain a professional, safe, and inviting environment for children to learn. ?

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide the following:

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Where it was the most viable option, in 2020-21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020-21 data cells for the school, district, state have N/A values because these data are not comparable to 2021-22 data.
Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.
Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e. achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas.
Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

## Opportunities for Parental Involvement (School Year 2022-23)

WISH Academy High School is a highly successful 9-12 Independent charter school authorized by LAUSD. The WISH model Is built upon 6 key tenets, one of which is our parent partnerships. WISH educators and WISH parents are equal partners in each child's educational journey and WISH encourages all parents and guardians to be actively engaged participants In the learning process. Parents who are invested In their children's education strengthen the educational experience and outcome for their children as well as bolster our school community. At WISH we support parent engagement In their child's academics through various digital platforms through which parents can find homework, test scores and grades, behavior reports, and attendance and remain continually informed of school activities and policies.

Some of the platforms used regularly by WISH Include BLOOMZ, CANVAS, KICKBOARD, INFINITE CAMPUS, plus our own website (www.wlshcharter.org) which we update regularly with pertinent information. Alt current parents and guardians also receive our weekly digital newsletter, the WISH Wise Weekly which highlights wholeschool news,

Important dates, events, and as well as grade-specific Information. WISH hosts a variety of events each year that parents are encouraged to attend to support the academic efforts of their scholars. These events include Back to School Night, Talent Shows,
Academic Exhibitions, Parent-Teacher Conferences, Presentations of Learning, and Award Assemblies. While we do not have requirements or expectations mandating parental volunteerism, all WISH parents and caregivers are highly encouraged to volunteer in a variety of areas at the school, both in the classroom and out of the classroom, with our students, or behind the scenes. We support
the individual passions of our parents and Invite them to share their skills or expertise In those areas they are most enthusiastic to support. Parents are also encouraged to take on leadership roles within our School Board, our School Site Council, the WISH Community Association (WCA), and a variety of school committees. The WISH School Site Council consists of 12 members one-third of whom are parents elected to leadership positions. These open meetings allow parents to share information about WISH educational and social!-emotional programming and the goals, progress, and achievements of our Single Plan for Student Achievement, as well as discussions about and voting on how we will use our categorical funds. WISH guides the social-emotional development of our students through the RULER program, which was brought to our attention by parents. WISH Educators participated in the YALE training to ensure the full understanding and effective implementation of the program, providing parents with the language and tools of the program to provide consistency at home. WISH parents meet In grade-level groups regularly to share experiences and Improve their practice In school and at home. WISH has taken strides In ensuring parents have full access to the various outreach methods we regularly use including hiring interpreters to ensure our digital platforms are fully understood and used effectively by our parent community. We have successfully implemented and are continuing to grow our Diversity and Inclusion committee whose objective is to ensure the Interests of all parents are represented in our WISH culture.

CHANGES DURING COVID-19 HEALTH REGULATIONS: WISH strictly adheres to the recommendations of the Department of Public Health and LAUSD for Covld safety and precautions which may limit parent access to campus sites. To support COVID -19 protocols WISH has migrated many of our events to virtual platforms. This year we have resumed our bimonthly Coffee with the Principals to an in-person format, however, grade-level or grade-span specific meetings, and our SSC meetings are still held in a virtual format. We've been grateful to see high attendance at these online events due to the greater accessibility and flexibility provided by ZOOM and Google Meets.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions for School Year 2019-20 Only

## School Safety Plan (School Year 2022-23)

WISH Academy High School co-locates on the Westchester Learning Complex - an LAUSD campus. At the start of each academic year, our administration meet with our co-sharing administrators to create a safety procedure plan for all children who are learning on the campus. WISH Academy has created, and annually reviews and updates, a comprehensive Safe Schools Plan that incorporates procedures covering student health, safety, emergency plans and operations, learning plans, meal/food safety, etc.

Throughout the year, WISH Academy High School administrators and educators regularly run drills to prepare children for potential emergencies including earthquakes (drop and cover), emergency evacuations, and lock-down drills. WISH Schools also participate annually in the Great California ShakeOut. Emergency plans and practices cover all contingencies including evacuations and drills that occur during class time, yard time, and before and after school. Faculty and staff are assigned specific roles for emergencies including serving on a search and rescue team, manning the reunion and request gates, and accounting for each student and adult on campus. All adults with specific roles are easily identifiable by their emergency vests.

Additionally, as mandated reporters, all WISH staff are trained annually at the beginning of the school year to recognize and handle emergency situations relating to children's safety, including self-harm or other injuries, neglect, and medical scenarios such as seizures, anaphylaxis (epi-pen training) and CPR. Teachers, paraprofessionals, and office and support staff are well versed in how to manage situations where children's safety is a concern and are prepared to call emergency services (911), Didi Hirsch Mental Health Services, the Police Department, Children's Protective Services, and parents and guardians. These procedures are discussed regularly throughout the year as part of our Professional Development cycles
COVID - 19 Specific Addendum: WISH continues to be guided by the California State Department of Education and the Los Angeles County Department of Public Health as we continue to serve pupils on campus and off. All Public Schools, both Traditional and Charter, must adhere to the same policies and procedures to keep everyone safe.
The WISH intention is to protect the health and safety of our students, staff, and families to the fullest extent possible while providing our students with academically excellent, joyful, and equitable learning experiences, meaningful and engaging instructions, and our continued commitment to a whole scholar approach to education and social justice through inclusivity regardless of whether we are inside or outside our school buildings.
